

# THE BLAIRMORE ENTERPRISE

VOL. XVI, NO. 52

THE BLAIRMORE ENTERPRISE THURSDAY, DECEMBER 10, 1925.

52

## NEWSPAPERS AS AT PRESENT CONDUCTED NOT A MENACE

Misses Miller and Dawson were awarded the judges' decision in the high-school debate at the United church on Friday evening last. The subject was: "Resolved that newspapers as at present conducted are a menace to society." Misses McKenzie and Wheatley upheld the affirmative; Misses Miller and Dawson the negative. The judges, in handing down

their decision, highly complimented the young ladies upon their excellent efforts, particularly those of Miss Miller.

Prior to and following the debate a programme of songs, dialogues, etc., was carried out.

Mrs. J. H. Farmer and Mr. K. G. Craig acted as judges.

Mr. Irvine, of Weyburn, Saskatchewan, arrived here yesterday on a visit to his brother Fred.

## DEATH VISITS FERNIE FAMILY

General sympathy is expressed for ex-Mayor G. G. Henderson, of Fernie, in the gloom that has during the past few days been cast over his home.

On Tuesday, a wire message was received from New Westminster, stating that their eldest son, Jack, had entered hospital and was not expected to recover. This message was delivered to Mrs. Henderson on a street in Fernie and upon reading its contents the aged lady dropped dead on the street. Mr. Henderson was a patient in hospital at the time and upon hearing the sad news of the death of his wife dropped into a state of unconsciousness and fear and was entertained for his recovery. On Wednesday morning word came through that their son had passed away.

Their eldest daughter, Miss Dorothy, passed away very suddenly a little over a year ago. She was formerly a member of the Fernie Swastikas ladies' hockey club and was much beloved.

## BELLEVUE CURLERS

### RE-ORGANIZE

At a meeting of curling enthusiasts held in the arena at Bellevue on Thursday night last, re-organization of the club was effected.

The election of officers resulted as follows:

Honorary Presidents—G. A. Vissac and Noble McDonald.  
President—William Kerr.  
Vice-President—Harry Blake.  
Secretary-Treasurer—John Curry.  
Ice Committee—R. Rinaldi, George Copeland and Stan Walker.

It is thought the membership fee will be the same as last season, \$10. The financial statement for the past year was read and approved. The report showed a small surplus in the bank.

Alberta College North, Edmonton, plans the construction of a \$250,000 building on the site between McEwain church and the public library.

## AMALGAMATION OF TWO LODGES IS EFFECTED

At a mass meeting of members of Amalgamated Encampment No. 17, of Bellevue, and Crows' Nest Encampment No. 8, of Blairmore, held in the local Lodge Hall on Monday night, the advisability of amalgamating these two auxiliaries of the I.O.O.F. was considered.

Grand Patriarch E. L. Cope, of Medicine Hat, and Grand High Priest W. B. Burnett, of Lethbridge, were present.

After considerable discussion, it was on a unanimous motion decided that in the best interests of the good work the two should amalgamate, and the nomination and election of officers resulted as follows, the new officers to be installed the first meeting night in January.

Chief Patriarch—J. Howe, of Blairmore.

Senior Warden—H. Harrison, of Bellevue.

Junior Warden—A. Martell, of Bellevue.

High Priest—H. Blake, of Bellevue.

Recording and Financial Scribe—J. B. Harmer, of Blairmore.

Treasurer—J. Montabetti.

It is proposed to hold meetings periodically at Bellevue and Coleman, for the purpose of conferring degrees and transacting general business.

The new organization retains the name of Crows' Nest Encampment No. 8, and draws membership from Bellevue, Hillcrest, Coleman and Blairmore.

## "CHARLEY'S AUNT" TO BE STAGED THURSDAY-NEXT

The three-act farcical comedy, "Charley's Aunt," to be staged by the Blairmore Elks Dramatic Club in the opera house on Thursday night next, December 17th, according to those who have had the pleasure of witnessing rehearsals, promises to be a riot of laughter from the rise of the curtain to the final scene.

The cast have been busy rehearsing for the past month or more and include five members of the cast which so ably staged "The Private Secretary" last season. Messrs. W. Thomas, R. Wootton, G. L. Stevens and J. E. Upton and Miss B. E. Douglas took part in last season's play, while Messrs. J. A. Kerr and Glyn Thomas, Mrs. J. A. Kerr and Miss Marion Ennis and W. B. (Queenie) Williams are the new members of this year's cast.

The play opens with three young men in college, two of whom are anxious to see their sweethearts before they go away. One receives word that his aunt is coming and they invite the girls on the strength of that, only to receive word later that she can not come. The girls arrive and what remain, so an aunt has to be found, and they find one—all the way from Brazil, where the nuts come from—then the fun begins and there is not a dull moment until the play is over.

The Hillcrest Amateur Orchestra, which supplied gratuitously the music in between acts last year, will again be in attendance and will render pleasing music before the rise of the curtain and during scene changes.

The reserved seat sale opened on Monday at the Blairmore Pharmacy and are going like hot cakes. Doors will be open at 7:15 and owing to the length of the play the curtain will rise promptly at 8 o'clock.

On Friday night, December 18th, the troupe will journey to Coleman and stage the play there under the auspices of the Coleman Elks.

The regular monthly meeting of the I.O.O.F. will be held in the Greenhill parlors on Monday next, at 7:30 p.m. All members are requested to be present.

A Gift that Increases in Value

Preservation Covers are provided for Christmas Gift Books.

WHAT DID YOU GIVE LAST CHRISTMAS? Toys for the kiddies—most of them broken by now. "Something useful" for the grown-ups—now worn out or forgotten. Cash to your employees—appreciated but soon spent. Other presents—hurriedly bought and perhaps ill-chosen. Are they remembered now?

Suppose this year you give them each a Bank Book containing an initial deposit, and urge them to add to it regularly. Could anything be more suitable?

Add "Royal Bank Pass Books" to your list of Christmas Gifts.

## The Royal Bank of Canada

WORLD HAPPENINGS  
BRIEFLY TOLD

It is the unanimous decision of the new cabinet of Aristotle Briand, to at once resume debt-reducing negotiations with the United States.

Plans that the Prince of Wales complete his empire tour by going to the Irish Free State, with a view to allaying the discord between Southern Ireland and Ulster, are being made.

Eleven letters by Benjamin Franklin, including one denouncing his country, for hypocrisy in the slave trade, have brought \$3,900 at auction in New York.

Without a ship of mine from her two decorative funnels, the Swedish motor ship Gröndahl left into port at New York, the first of her kind to cross the Atlantic.

Because he was good to his pale in jail, Chester Dillie, by going to his pauper's grave, but lies in St. Joseph's cemetery, at Auburn, N.Y., where his prison mates purchased a plot for him.

Five hundred militiamen and laymen of all denominations at a meeting in New York unanimously adopted a resolution advocating the immediate entry of the United States into the World Court.

A jump at a time, Frank Middleton, Toronto, carried home a ton and a half of coal in his lunch box. The coal was the property of the Canadian Pacific Railway, of which he was an employee.

Canada's exports to Russia have shown a rapid increase in the last year. In the 12 months ended October, Canadian exports to Russia were \$14,000,000; in the previous 12 months they were only \$48,000.

Attention is to be carried out from the air by direction of the ministry of agriculture. Aeroplanes are to be sent out every season by the ministry to scatter seeds over the treeless areas in Turkey.

About \$10,000 in bonds and stock was found among the effects of David Jones, proprietor of a milk and confectionery shop in London, who died from heart disease. He had lived as a hermit for several years.

Invitations have been sent to McGill, Laval, Toronto, and Winnipeg Universities to participate in the international investigation of alpine and walking contests, scheduled for January 12-14 at St. Moritz, Switzerland.

For the first time since the war, the German language was heard in the council of ministers at the League of Nations at Paris when Franz von Mendelssohn, who had been a security guard at a good omen for future peace.

## Prizes Go To Grande Prairie

Two Boys Living 400 Miles Northwest Of Edmonton Earn Trip To Toronto

All the way from Grande Prairie, 400 miles northwest of Edmonton, two boys, aged 14 and 15, who had never been out of the north country and who had never travelled on a train, came into Edmonton recently and captured the championship for the best carload of pigs in the contest for boys and girls pig clubs in Central and Northern Alberta. These boys, as a result, were given a trip all the way to Toronto to attend the Royal show as guests of the C.P.R. and have also won the challenge trophy offered by that railway company.

They were trained by A. R. Judson, district agriculturist for the Peace River district. The boys in this winning team were Oscar Oudingsdon, aged 15, who went to the Peace River country from Saskatchewan at the age of one year, and Vern Johnson, aged 14, born at Beaver Lodge, near Grande Prairie.

Letter Carrier For 52 Years Edwin A. Odell, New York, 74 years old, has begun his fifty-third consecutive year as a mail carrier along the Hoboken waterfront. In his fifty-two years of service he has delivered 20,000,000 letters, averaging 1,000 each day. When he started in there were only four carriers in Hoboken, while today there are fifty. It is said Odell continues to work as long as he is able to be about, he said. If retired he would receive only \$720 a year, insufficient for needs of himself and Mrs. Odell.

## How To Dehorn Cattle

The easiest and most humane way to dehorn calves is by the use of stick caustic paste when they are but a few days old, says dairymen at the Ohio experiment station, where this method has been satisfactorily employed for many years.

Nickel is one of the metals most abundantly produced in Canada, the output of the Dominion constituting over 80 per cent. of the world's supply.

## Tourists Flock To Pacific Coast

Winter Pilgrimage to Vancouver Promises to Be Heavy This Season

Vancouver, B.C.—Tourists from the prairie provinces are beginning their winter pilgrimages into Vancouver, the winter business here reports. Manitoba, Alberta and Saskatchewan automobile license plates are seen, hotels report the registration of many prairie motorists, including whole families, and the proverbial "far costs do the city landscape."

It is predicted that prairie tourist traffic will be heavy this season, and many additional attractions await the visitor. A particularly fine concert programme, including performance by world-famous artists, and a full quota of the best road shows, are scheduled for the winter. The completion of a new bridge across Burrard Inlet, which gives a direct automobile traffic the whole wonderful coast scenery, and the opening of scenic highways, and many other new features of tourist interest, await visitors.

An outstanding attraction in Vancouver is the winter livestock show and B.C. championship stampede to be held December 9th to 12th, under the auspices of the Vancouver Exhibition Association. One of the finest displays of best and dairy cattle ever seen in this province will be on display. Sheep, ewes, foxes and pet stock will also be judged, and there will be an excellent display of cowboy riding.

Vancouver is setting her house in order for the immediate arrival of her prairie guests. The Greater Vancouver publicity bureau has combled every source of information of interest to tourists, and is thus prepared to give visitors every possible assistance in making their winter visit in Vancouver as enjoyable. New maps, new booklets and other literature is on hand.

With a particularly fine autumn, and with the prospect of roses blooming as early in January, 1926, Vancouver's gates are wide open for the winter's migration from the prairie.

## Not Needed in League

Better For United States to Stay Out

Says Dr. Garnett, Secretary of the League of Nations' Union of Great Britain, addressing the members of the Canadian Club at Ottawa, at their weekly luncheon, on "Some Sideglances at the League of Nations."

Dr. Garnett, in his address, surveyed some of the activities of the league. The result of all these activities has been to establish even the league's best friends, he said. Dr. Garnett insisted also the present action of the league with regard to the recent conflict of the Greeks and Bulgarians as a result of which, five days after the council of the league met in special session, the last Greek soldier left Bulgarian territory and the trouble was settled. Increased peace has come to the league as a consequence, but the backing of public opinion is still necessary.

## Canada's Trade Increases

Value of Agricultural Products Helped To Swell Returns

Canada's favorable trade balance of \$62,748,355 for the month of October, as shown in the summary last issued at Ottawa by the Dominion bureau of statistics, was the largest excess of exports over imports for any October since 1917, and compares with a favorable balance of \$35,176,947 in the corresponding month of last year. A good increase is also shown in the total trade for the month, which stands at \$224,247,889, as compared with \$171,408,577 for October, 1924.

For the seven months of the fiscal year ended with October there is shown a favorable balance of \$183,541,526, which compares with \$120,188,849 in the corresponding period of last year, while total trade in that period is higher by nearly 200 millions.

When the October exports are compared with those for the same month of last year, the most striking change is shown in the value of agricultural products, which is higher by 32 1/2 million. Value of forest products exported shows an increase of nearly two millions, while value of livestock shows a decrease of well over a million.

ECLIPSE  
FASHIONS  
Exclusive Patterns  
to Suits

Simplicity Of Line

The new high collar comes to town and tops the newest frocks. This is the type of frock that smart women know as a necessity—lovely simple in effect, yet daring smartly with the aid of inverted plaits at the side seams. It is fashionably trimmed with its swag-like trimmings at the throat. Two plaits trim the bodice, one running from the right shoulder to a point below the waistline, and one from the hem on the left side to above the waistline. The long fitted sleeves also have a button-trimmed band at the wrist. Size 12 and 14 in sizes 16, 18 and 20 years (or 36 and 38 inches bust). Size 12 years (or 36 bust) requires 3/4 yards of 36 inch, or 3/4 yards of 40 inch material. Price 28 cents.

The designs illustrated in our new Fashion Book are advance styles for the home dressmaker and the woman or girl who desires to wear garments dependable for taste, simplicity and economy. All the new styles are shown in our patterns. Price of the book 10 cents the copy.

Another Remarkable Invention

Sounds Are Recorded When Pictures Are Being Taken

Attendants at a meeting of the Radio Society were startled to see and hear roosters crowing, dogs barking and sheep bleating in a film through an invention of C. F. Elwell, by which two records, sound and picture, are taken and recorded simultaneously.

The sounds from the vast speakers at the moment of the months with minute accuracy. Dancing, with the music audible seems singularly like life.

As with the wireless, the sound is converted by a microphone into electrical waves, which are recorded by the sensitive cell of the invention. Elwell claims the new method is inexpensive, and says many subjects in effective on the silent screen are opened up now.

## Manitoba Attains Distinction

Makes Clean Sweep in Butter Competition At Toronto

An outstanding feature of the Royal Winter Fair at Toronto has been the clean sweep achieved by the province of Manitoba in the creamery butter competitions. In five classes judged Manitoba took first in every one and in the first class in dairy butter judged a Manitoba woman also took first.

The Shovel Lake Creamery, near Lake Manitoba, had the highest aggregate score for butter. Judges claim the butter exhibited to be the finest ever shown in Canada.

"Limousine" Not French Word Person who have been holding the word "limousine" to describe their most valued automotive possession, always in the belief that it was of excellent French origin, should know that it has just been accepted by the French Academy as a word of good usage.

A who man never turns up his nose at the wealth of a wife's shopping.

## Big British Trade Exhibition

British Industries Fair Offers Opportunities to Canadian Manufacturers

At M. Wiseman, British trade commissioner, in Winnipeg, announces that the British Industries Fair, which is organized by the British Government, and the Birmingham chamber of commerce, will be held simultaneously in London and Birmingham from 15th to 26th February, 1926.

This fair, said Mr. Wiseman, must not be confused with the British Empire Exhibition, which is now closed. The British Industries Fair, which is the largest annual trade fair in the world, was organized in 1914, and has been held every year since that date. It is purely a trade fair, and, during business hours, only buyers are admitted to it.

Different groups of trades are shown in each city so that there is no overlapping. The London groups include such important lines as silversmiths, cutlery, chinaware, stationery, leather goods, clothing, drugs, electrical stuffs, etc., while in Birmingham the principal exhibits are machinery, metal goods of all kinds, sanitary appliances and paints.

As the principal object of the fair is to sell goods, the authorities have done everything they can, consistent with the convenience of the exhibitors, to make it attractive to buyers. There are no large crowds of sightseers to impede business, and the compactness of the exhibits makes it possible for buyers to view all the latest developments in industry at the minimum of trouble and expense to themselves.

The British Government has issued over 150,000 invitations to buyers to attend the fair, and it is confidently expected that many Canadians will be among the visitors. In fact it is no exaggeration to say that no trade buyer can afford to miss the fair. British made goods are known the world over for quality, and at the present time they are more attractive than ever, because, while retaining the qualities which have made them world famous, they are now able to compete in any market. Moreover, the British manufacturers at the present time are particularly anxious for export trade and are ready to meet all requirements.

A further interesting fact, said Mr. Wiseman, is that it is expected that the exhibitors will include a number of Canadian manufacturers exhibiting their products side by side with the manu-

facturers of the United Kingdom. Any article, the product of the empire, can be shown and local firms are not being asked to take advantage of the opportunity.

Mr. Wiseman hopes that a large number of visitors from Western Canada will be able to attend. He will be glad to send full particulars to anyone communicating with him at 703 Royal Bank Building, Winnipeg.

## Does Business By Phone

Man Directs All Affairs in New York From Pasadena

Gen. J. J. Carthy, who happens to be vice-president of a telephone company, with headquarters in New York, believes it is possible to spend the winter in California without giving up business in the east. His transcripts his daily affairs from Pasadena by telephone, and even during a winter vacation in New York, he handled his daily correspondence over a telephone line connecting him with his stenographer in New York. The stenographer read to him the letters received in the day's mail and he dictated replies as comfortably as if he had been seated at his New York desk.

Many Students In Canadian Colleges

Average One in Eighteen of the Total Population

The total number of students in Canadian universities and colleges in 1924 was 52,639, or nearly one in eighteen of the total population, according to a bulletin issued by the Dominion Bureau of Statistics. Under the category of colleges, the total number in 1924 was 63. Of this total six are agricultural, two technical, two law one dental, one for pharmacy, one for veterinary studies, 23 theological, 24 medical, one school for higher commercial studies, one college of art and one military college.

70 Bushels Wheat To Acres One of the best yields of wheat reported during the present season was threshed by Lyman Bullock, of the Lettbridge district, and yielded over 70 bushels from a field of seven acres. This was pedigreed fall wheat, which was kept specially for seed.

More than 1,000 miles on foot. The young woman left home September 18 to walk to Vancouver, via Prince George, the Cariboo road and Ashcroft. They carried packs weighing from 25 to 35 pounds.

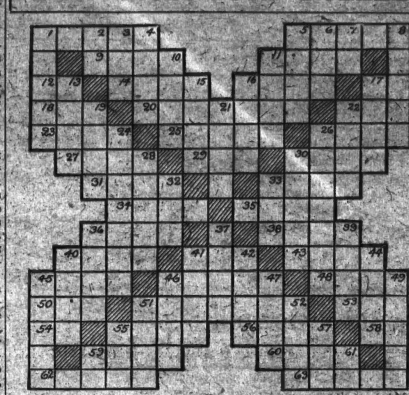

We are told that wealth does not bring happiness, we know that poverty doesn't.

Knowledge of our duties is often as important as the performance thereof.

Times are better than they used to be. There is a difference between a Sunday shirt and any other kind.

Knowledge of our duties is often as important as the performance thereof.

## OUR CROSSWORD PUZZLE

- |   |  |                              |

## Canadian Success At Chicago

Many First Prizes Go To Canada: At Big Exhibition

For Canada to win five first prizes, the senior and grand champions of bulls and a reserve junior champion for females in short horns at the Chicago International, is the opinion of Dean Rutherford, University of Saskatchewan, a wonderful achievement. In addition to above awards, the senior champion of bulls, won first in the cow class, with Waterloo Princess (42); James Douglas, Caledonia, won first in senior calves with a calf that was already reserve junior champion and first junior.

The status of the bull championship of Alberta is still the talk of the show ring.

R. A. Wright, Drinker, won first in his class with a Short horn steer of his own breeding.

In the Hereford bulls, O. A. Boggs, Dauphin, Alberta, won third in the two-year-olds. In Angus bulls, while there were no entries directly from Canada, there was a good deal of interest in the large number of prizes won by stock bred by J. D. MacGregor, Brandon. The junior champion, shown by Ken, McGregor, of the Harrison stock farm, California, was bred at Brandon. The reserve senior and reserve grand champion was also of MacGregor breeding.

Canada won eleven out of twenty-five prizes for six-year-old barley, but Canadians did not get in the money in other barley varieties. R. V. Peterson, Victor, Montana, won the barley variety contest. J. M. McKeith, Argus, Kelso, Sask., won second; George May, Kelso, Sask., eighth; W. Catell, Keystone, tenth; Wm. White, Kelso, Sask., eleventh; James Carr, Warradale, Man., twelfth; Thos. Matthews, Trail, Man., thirteenth; A. P. Lyons, Roselle, Man., fourteenth; H. L. Gills, Bardsville, Ont., twentieth; J. H. Beavis, Crystal City, Man., twenty-first.

Two Manitoba teams were first and third in the non-professional class weighing over 2,200 pounds. They were exhibited by Boyd Bros. of Warren. Sam and Sandy took first, Jack and Kate third.

## Finish Thousand-Mile Walk

Mrs. S. Johnson and Miss Anna Royce, of Prince Rupert, have arrived in Vancouver from their home town after travelling the entire distance of more than 1,000 miles on foot.

The young woman left home September 18 to walk to Vancouver, via Prince George, the Cariboo road and Ashcroft. They carried packs weighing from 25 to 35 pounds.

We are told that wealth does not bring happiness, we know that poverty doesn't.

Knowledge of our duties is often as important as the performance thereof.

Times are better than they used to be. There is a difference between a Sunday shirt and any other kind.

## Propose Amalgamation

Saskatchewan Grain Growers Would Link Up Elevator Company With Wheat Pool

The position of the Saskatchewan Grain Growers' Association in relation to the proposed consolidation of the Saskatchewan Co-operative Elevator Company and the Saskatchewan Wheat Pool was outlined in an official statement issued over the signatures of G. E. Edwards, president; Geo. Langley, vice-president; and Mrs. M. McNeil, president of the women's section of the S.G.A., emphasizing the importance of the question to be dealt with at the annual meeting of the Saskatchewan Co-operative Elevator Company. The statement says, in part:

"The attitude of our association is expressed in the following resolution, unanimously passed at our last annual convention held in Regina on January 27 to 30.

"Whereas the association has done a great deal of work, and has been successful in the marketing of grain on co-operative marketing institutions during the past twenty years; and

"Whereas it is now apparent that co-ordination of such bodies is necessary;

"Therefore, be it resolved that this convention do on record as favoring the adoption of a programme of co-ordination of the various co-operative bodies on the following plan; viz:

"The consolidation of the existing institutions, the United Grain Growers, Limited, the Saskatchewan Co-operative Elevator Company and the Western Wheat Pools into one great co-operative marketing concern, so securing co-ordination of the contact of the elevator and our chief commodity.

"And that the board of directors of this association be empowered to take whatever action they think fit to give effect to this resolution."

Captain John Bennett, who was in charge of an English Channel steamer for many years, crossed from Dover to Calais more than 30,000 times.

### BIG ADVERTISING

IS CALLED ASSET

"I believe that big advertising is a social service is not a social evil." Such was one of the outstanding statements of Edward A. Flene, a great Boston merchant, addressing a meeting of newspaper men from all parts of the continent at Washington, D.C., recently.

"At its best it will result in a great good to all concerned," he continued, "so that nothing I am about to say should be construed as being against big advertising, either local or national."

"On the contrary, I am convinced that the maintenance and further development of big advertising will directly promote the necessary reorganization in production and distribution, and indirectly will help solve many of our social and political problems."

"For some years to come, American business men will devote their surplus energy to a keener competition for domestic business. Super-competition will result, that will tend to drive American business and industry into mass production and mass distribution. It will bring businesses together into consolidations and trusts."

"National advertising now needs to take the necessary steps forward. Nationally-advertised products produced under mass production can obtain markets incomparably greater than at present, provided they apply the further principle of mass production, namely the production of articles that are not only desirable, but that will sell at the lowest price."

"Mass production will standardize articles in enormous quantities if quality and price are right but in order to sell in enormous quantities, quality and price must both be right."

"If nationally-advertised articles adopt these principles—and use creative thinking, that is, of the Ford kind—they will meet and beat competition by offering a better article at a lower price than ordinary competition can supply. They will also establish a basis where price maintenance is unnecessary."

"Cutting their prices will be a self-defeating measure for any retailer that tries it, because the public will know that the regular price gives only the smallest legitimate profit, and a cut price is unprofitable, and must be made up by an illegitimate profit on other goods."

"I should like to mention the very important contribution which advertising has made to the good work of the modern newspaper in this country. There is a difference in the newspapers of a country where advertising is general and large, and a country where advertising is not general and large, and cannot be because the units of production and distribution are too small."

"The newspapers in such a country, working under about the same conditions as here, where I understand about 20 per cent of the cost of a paper comes from circulation, must provide the balance of 80 per cent some other way. In this country it is largely provided by advertising, and such advertising leaves the newspapers free to be as good papers as they want to be or can be."

"I think it most essential that the advertising men of the country study most carefully not only the problems of production and distribution, but all of the authoritative suggestions and opinions regarding the solution of these problems. Advertising must assume new and heavier possibilities."

It must take a firmer, more valuable place as a necessary power in our economic system. For the purpose of securing mass distribution, big advertising must be freely used."

"If I may be permitted, let me now briefly state what kind of development this advertising must take to be successful. In my opinion, the signs indicate that advertising will be made to appeal more to reason and less to emotions. As the new order develops, I think that our large industries will not be satisfied with opinions or luck or chance in their advertising campaigns, and that more scientific methods will be demanded to eliminate, so far as that is possible, every chance of advertising waste and loss."

"In other words, advertising will be used at its best to tell the weaknesses as well as the strength of business systems; it will be our principle medium for the broadcasting of facts, and it will not only describe goods for the purpose of selling them, but will also describe advanced methods and processes for the purpose of proving to the public that they are the best, because of the better qualities and lower prices they bring about."

"This kind of advertising is an aid to the consumer in buying advantageously, and in my opinion, supported by all my research and study, the big rewards of the future will go to the big advertisers who back their up-to-date scientific mass production with that kind of advertising."

"This may sound theoretical; but my experience shows it to be entirely practical. If advertising will profitably sell a poor article or a good article at too high a price, then it defeats its purpose as an economic factor."

"If good, truthful advertising will not sell an article, then there is something the matter with the article, and the remedy lies not in changing the advertising by exaggeration to make it 'sell' the goods, but to so improve the merchandise that good advertising will sell it in such large volume that the manufacturer will be able to pass along to the consumer the many benefits of mass production."

"Finally, just a word in closing. For many years I have both studied and practised advertising. And I am convinced that for everybody interested in advertising, a broad understanding not only of conditions in this country, but of international conditions is necessary. I believe that nothing will repay you more than a careful study of your own activities, as advertisers, in your relation to the coming changes which I have been privileged to refer to here."

R. O. Allison, of Pincher Creek, has been chosen as Conservative standard bearer for the Pincher Creek provincial constituency in the forthcoming elections.

Walking down the street the other day, we overtook a gentleman of Scotch nationality. Reaching our office door he invited us into the Vets' Club to have a glass of beer. He called for the beer, we paid for it, he drank his in a hurry and asked to be excused—he had business to attend to.

### HOW ABOUT HEREDITY?

(By Dr. C. M. Hinks, Medical Director, Canadian National Committee for Mental Hygiene)

All bad mental traits are by no means due to bad heredity. When parents say "Tommy inherits his father's bad temper," they should modify the remark by saying "Perhaps Tommy imitates his father's exhibition of bad temper."

Too often parents believe that inheritance has given their children bad characteristics. The mother is nervous, the father is given to tempestuous fits of anger—and they think the children inherit these qualities. Mental traits, so experts say, are certainly developed and often controlled

by environment. For example, many people are afraid of lightning, but a noted authority says he has never seen babies show fear at a sudden flash of light. The loud crash of thunder frightens them, but not the brilliant light alone. Fear can be taught, so can courage.

Since environment plays such a big part in the acquisition of good mental habits, it can be readily understood that the right time to avoid bad mental habits is to prevent their development in early years.

Hon. George P. Smith, former minister of education in the province, is coming west to attend the graft probe into the Flying printing charges.

### **SAVE YOUR BREAD WRAPPERS**

To Customers of  
**THE BELLEVUE BAKERY**

The Bellevue Bakery will be giving away this year a MIXING BOWL for the return of twenty Bread Wrappers, any time between now and the first of the year.

Just put your name on the returned Wrappers and leave them at the store where you purchase our Bread and the Bakery will get them and return to the store.

#### **A BOWL FOR YOU!**

Last year they gave away a very nice Bread Plate, but unfortunately they did not have enough of the Plates to go around, and could not get any more, as they were made in England. But these Bowls are made in Medicine Hat, and if they haven't enough of them, they can easily get more.

—THE BELLEVUE BAKERY

### **COWLEY HAPPENINGS**

Several of the local citizens attended the dance given at Pitcher Creek on Friday night last.

A good number of the Cowley young folks attended the dance in Lundbreck on Saturday night.

Owing to an epidemic of colds, the usual Christmas entertainment will be omitted this year. Cards and games will be the chief amusement of the evening for the youngsters.

Mrs. and Mrs. James Leigh, Mr. and Mrs. M. A. Murphy and H. D. MacMillan attended the banquet and ball given by the Shriners in Lethbridge on Wednesday. They report a swell time.

Good weather continues, with strong chinook winds blowing for the past several days. The roads are in good shape, of which the farmers are taking advantage, with heavy hauling of wheat to the elevators.

The Union and Anglican churches united on Sunday evening last in divine service, holding joint service in the Anglican church. Rev. Dr. Ferguson, superintendent of missions, delivered a helpful sermon to a large congregation.

The whist drive held here in aid of the Tennyson school Christmas Tree, was well attended, there being fourteen tables at play. The prize winners were: Ladies, Mrs. Mundie; gents, Mr. Mundie, both of Lundbreck. A neat little sum was realized.

### **THE FIDGETY CHILD**

(By Dr. C. M. Hincks, Medical Director, Canadian National Committee for Mental Hygiene)

A child's nervousness depends largely on outside influence. Parental example of opine and calm in the face of irritating circumstances is the finest antidote for a nervous child.

Faulty feeding in infancy and early childhood may weaken the nervous system. All authorities approve of good simple food, including milk, meat, vegetables and fruit, and avoiding tea, coffee, alcohol and rich pastry.

Children should not be brought up too tenderly. They should be subjected to a hardening process. The child that is fainly about his diet is brought up so that he is shielded from bad weather and becomes sensitive to slight changes of heat and cold is liable to nervous fits.

One reason why women are much more prone to nervous ailments than men is that as girls they have less chances for wholesome games and exercises. Out of door life, swimming, walking, rowing, play of all kinds and systematic gymnastics will do much to mitigate a nervous tendency.

Despite the mild weather, season skating tickets are going like hot cakes. Especially low prices for the season are offered, which compare with Lethbridge as follows: Children up to 16 years: Blairmore \$1.00, Lethbridge \$3.00 to \$5.00. Adults: Blairmore \$3.00, Lethbridge \$6.00 and \$7.00. Buy your single or family ticket now.

### **AFTER FISH HATCHERY**

The Pitcher Creek Board of Trade at a meeting on Saturday night last made final preparations for sending a petition for a fish hatchery to be established at Waterton Lakes park.

Letters, strongly endorsing the project, were received from trade boards and angling associations from the following places: Lethbridge, Okotoks, Staveland, Cayley, Bellevue, Cowley, Beaver Mines and Maple Creek, Saskatchewan.

A letter in favor of the movement was also received from Mr. Coote, member in the federal house, who promised his support.

The recommendations and petitions are being sent at once to the department of marine and fisheries, accompanied by resolutions from Cardston and Waterton Lakes.

### **HOCKEY PICTORIAL** **BOOK OF CHAMPIONS**

The editor has received a copy of the Hockey Pictorial, 1925 edition, which is now on sale at all newsstands, and which is at once the handsomest and most complete publication ever produced in the world for any single sport. It is a marvel in artistry and industry of achievement. It is impossible to speak too highly of it.

The book represents years of effort, typographically and pictorially, it is a "masterpiece." From cover to cover it is embellished with group pictures of championship teams from 1888 to 1925, in fact, the history of Canada's great national winter sport is told in pictures.

Old timers will be interested in the handsome halftones of the teams which were prominent a generation ago, while the younger enthusiasts will enjoy the reproductions of the more recent winners.

The book is not only lavishly illustrated, but is literally crammed with much interesting information regarding individuals, clubs and leagues throughout the country.

The book, which is published by George Kent, 84 Victoria Street, Toronto, a well known Toronto sportsman, is a credit to the game and its publishers.

Twenty-two miners who had been trapped in flaming underground passages of the Fairview mine in the Nederland, Colorado, district, were brought out alive after being entombed for about eighteen hours.

A grand dance will be staged in the Union Hall at Hillcrest, on the night of Monday, December 14th, under auspices of Mizpah Temple, Pythian Sisters. The famous International Collegians will furnish music.

Mayor McLeod and Secretary Kelly returned Friday from Calgary, where they had been to attend the annual convention of the Union of Alberta Municipalities. They report the biggest convention of its kind in the history of the province.

"At last, my angel," said the happy man after he had settled with the minister, "we are really and truly one." "Theoretically, yes," rejoined the modern bride, "but, from a practical standpoint, it will be advisable to order dinner for two."

### **Local and General**

James M. Carter arrived here from Seattle last night to spend a few weeks at home.

The Blairmore Assembly Club will hold the first of their season's dances at the Greenhill Grill tomorrow night.

The world renowned Rhodan Welsh male singers will appear at the Grand Theatre, Coleman, on the night of Friday, January the first.

Twelve miners who took part in the riots in Drumheller last summer have been sentenced to terms ranging from a year to two months in jail.

It is safer to buy a gold fish than a canary. You sometimes get a canary that can't sing, but you seldom buy a gold fish than can't swim.

Sir Richard Squires, former premier of Newfoundland, was fined \$6400 for failure to make income tax returns during the years 1918 to 1923.

An ordinary woman's waist is thirty inches around. An ordinary man's arm is about thirty inches long. How wonderful are thy works, O Nature!

Rumor is current locally that Hon. Alex. Ross, minister of public works, will contest Rocky Mountain in the next provincial election in the interest of Labor.

At the regular meeting of Blairmore Lodge of Elks on Wednesday night next, a class of candidates will be initiated. A full attendance is requested at this meeting.

Mr. and Mrs. E. Picard and family wish to thank those who so kindly extended the use of cars for the funeral of their baby last week. Acknowledgment of this kindness was overlooked last week.

Premier Brownlee is at present confined to his residence at Edmonton with a severe cold and slight congestion of the lungs. His condition, while serious, is not alarming. Hon. George Howley is acting premier.

Mr. Linville recently sold a radio to a Scotch farmer. For days the farmer tried to get the outside world, without success, till finally he thought he would take out the contents of his pockets and cause the coins to jingle. Immediately he got Glasgow.

The Duke of Sutherland is reported missing and is believed to be somewhere in British Columbia. A London solicitor arrived in Vancouver a few days ago to search for him. The duke has been missing for some six years.

A Lethbridge jeweler was asked which of the five clocks in his window told the correct time. He answered: "Don't know. When we want to know the time, we add them together and divide by five—and even then we are not certain."

A chess club has been formed in Hillcrest and the members of the new club are desirous of getting in touch with anyone in The Pass who are interested in chess in the hope that a tournament may be arranged. Anyone so interested would do well to get into touch with the secretary of the Hillcrest Chess Club.

## Believe Germany Will Defer Entering Into The League For Some Months

London.—Germany will enter the League of Nations in March, when a special meeting of the League Assembly will convene to welcome her to membership. This plan is authorized by the League of Nations Council, which has decided to postpone the League Assembly until March 1934.

It is unlikely, therefore, that Germany will hurry her application for membership. Indeed, the application probably will not go forward until February. Two ends will be gained by delaying the application. There would be an opportunity to reconstruct the cabinet, and there would be time between now and February for the evacuation of Cologne by the British to be completed.

The second point is the more important, for with every soldier withdrawn from Cologne grounds upon which German Nationalist opposition to entry into the league is based, is decreased.

## Permanent Militia Not Up To Strength

Many Troops Discharge This Year  
Owing to Reduced Pay.  
Ottawa.—Training for Canadian military units has become an urgent necessity, according to the report of the department of national defence for the past fiscal year, which has just been issued.

The report points out that in view of the large need for economy, the hands of training was altered in many respects last year, and training was limited to the minimum necessary to maintain the unit or corps. As a result, the report states, a large number of the personnel of the Canadian permanent force took their discharge during the year, "owing to the reduction in pay, necessitated by the shortage of funds." It is necessary, the report states, that the unit's efficiency may be brought to a higher standard.

## Greece Must Pay

League Decides Bulgaria Entitled To \$146,000 Damages

Geneva.—The League of Nations' commission, which inquired into the recent Greco-Bulgarian frontier incident finds that Greece should pay Bulgaria \$20,000,000 (about \$146,000) damages. The commission decided to recommend to the League Council that Greece should pay Bulgaria an additional 10,000,000 leva (about \$75,000) for the loss of lives, for the wounded, for the loss of working days and material suffering of the population and moral damage to the military forces of Bulgaria.

## British May Tax Betting

Government Considers Step To Ease Financial Burden

London.—A tax on betting which heretofore has not been received with official favor, may yet be adopted by the British Government to ease the country's financial burden. A resolution in favor of such a tax was discussed in the House of Lords, when Lord Salisbury undertook that the government would consider the proposal. This does not necessarily imply adoption of the tax, but it is a step in advance of any yet undertaken.

## Urges Completion Of Highway

Winnipeg.—The completion of the Manitoba-Ontario highway was urged by Dr. P. B. Doody, Toronto, president of the Canadian Automobile Association, in an interview here. Manitoba has 35 miles to construct, and president Doody would get many United States tourists who visit the Lake of the Woods district each year.

## Donates \$75,000 To Restore Warship

London.—An anonymous donor has sent Earl Beatty, admiral of the fleet, \$75,000 toward the fund for the restoration of the Implacable, one of the warships in the battle of Trafalgar. Up to the present receipt of \$75,000, the contributions to the proposed fund of \$100,000 had been arriving slowly, only \$10,000 having been collected.

## Jews Subscribe \$2,000,000

Chicago.—Chicago Jews have subscribed \$2,000,000 toward a \$15,000,000 fund being raised in this country for welfare work in behalf of the race here and abroad. The subscriptions, which covered half of Chicago's quota, included one from Joseph Rosenwald, who already had announced a \$1,000,000 donation to the fund.

## Cowichan, B.C., Fire

Cowichan, B.C.—Fire which for a time put the whole settlement in jeopardy, destroyed the building housing the post office here.

## Good Season On Great Lakes

Report Shows Year Just Closed Best On Record

Chicago.—The greatest season in the history of shipping on the Great Lakes has just closed with an approximate total tonnage of 26,000,000, largely to better conditions in the steel industry which caused a record total of iron ore shipments. The year included a slight but notable expansion in deep-sea shipping although the "Wabash" canal entrance to the Great Lakes west of Ontario is limited to vessels drawing 12 feet. Several shipments were received direct from Europe. The port authorities of the Detroit district reported 11 foreign ships' clearing Western Lake Superior last year, eight of them Norwegian.

The 1933 season has been remarkably free from disaster, only two ships being sunk with a loss of a few lives. The movement of grain from the northwest and Canadian producing sections down the Great Lakes was considerably less this year than in 1934, which holds the season's record of 14,500,000 bushels.

The three commodities constituting the bulk of the lake traffic were ore, coal and grain. The Detroit port records this year showed 11,300 ships arriving, compared with 9,750 last year.

## Saskatchewan Assembly

First Session Of The Sixth Legislature In Order

Regina.—When the Saskatchewan Legislature assembled for the first session of the sixth assembly, the accompanying ceremonies were shorn of much of their brilliancy by the necessity for mourning consequent upon the death of the Queen Mother.

Following the usual formalities at length upon the opening of a new legislature, the speech from the throne was delivered and an adjournment was made.

The intention of the government to propose making provision for another examination by experts of the possibility of utilizing the latent power or resources of the province was perhaps the most important announcement in the speech from the throne delivered by Lieutenant-Governor Neveland.

Introduction of measures dealing with industrial disputes, co-operative marketing, security of times, cities and various amending bills was also fore-shadowed in the throne speech.

Walter George Robinson, government member for Francis, was unanimously elected Speaker of the Legislature on the motion of Premier Dunlop, seconded by Hon. A. P. McNab, minister of public works.

## Australia Removes Ban

Melbourne.—Premier Stanley Bruce has announced the removal of the ban against immigration from Germany, Austria-Hungary, Bulgaria, and Turkey, former enemy countries. In the case of persons interested during the war and deported, special permits will have to be obtained before they can re-enter the Commonwealth.

## Champion Shorthorn Sold

Chicago.—King of the Palaces, champion Shorthorn bull of the world, exhibited at the International Livestock and Horse show here by the Prince of Wales, was sold for \$10,000 to Frank C. Baker, Kansas City, Mo., owner of the Baker Shorthorn Farm. The animal is five years old and weighs 2,500 pounds.

## LIVE STOCK JUDGING CONTEST

Winners of the W. O. McDonald trophy for livestock judging at the Royal Winter Fair, Toronto, at the Manitoba Agricultural College team which won the trophy this year by a margin of eleven points over a team from the University of Alberta. Seated left to right: R. M. Scott, Prof. H. B. Sommerfeld (coach), Jas. W. Walter. Standing left to right: M. J. McNeill, W. J. McNeill, Roy West.

## Business Conditions

Improving In West

Outlook For Future Is Bright Says C.P.R. Official

Montreal.—Prior to the gathering of the business crop in the prairie provinces, conditions in the west have shown consistent improvement this year, according to C. E. McPherson, assistant passenger traffic manager, Canadian Pacific Railway western division, stationed in Winnipeg, interviewed at head office of the system here.

Mr. McPherson was distinctly optimistic as to the present position in the west and as to the outlook for the future.

"The crop has now been practically harvested, threshing is finished and the grain has been stored in elevators. All that remains is the transportation of wheat and that is going forward with dispatch, as may be seen by recently issued statistics. This means that a great volume of money is steadily coming in to farmers, which gives them full opportunity to clear off debts, leaving enough over to enable them considerably to expand the purchase. The effect of this latter condition is obvious in the already much improved movement of westbound merchandise."

## Announces Remedy For

High Blood Pressure

Possibilities Disclosed In Research At University Of Toronto

Toronto.—Six months of intensive work in Toronto University's laboratory, has strengthened confidence in extract of liver as a remedy for high blood pressure or for hardening of the arteries. This was announced by Dr. W. J. Macdonald, St. Catherine's, Ont., in charge of the research. The occasion was a dinner tendered him by members of the Academy of Medicine.

Experiments have confirmed the first findings entirely, he said, and both confirmed treatment of laboratory animals and a preliminary chemical analysis of the potent extract, indicate that the discovery is at the same time old and new. It is old in the sense and accomplished foundation on which it is based, and new in the possibilities which it presents for a weapon, more powerful than any known before, with which to attack the prevalent ailment of high blood pressure, and the attendant complaint of hardening of the arteries.

Saskatchewan Wins In Clydesdales  
Chicago.—Western Canada came victoriously out at the International Cattle and Livestock Exposition, where Saskatchewan entries swept the field of prizes for Clydesdale horses, including declaration of an entry from that province as grand champion stallion of the show. This, the premier equine honor of the show, went to "Green Meadow Footprint," Clydesdale stallion, owned by University of Saskatchewan.

## Saskatchewan Wheat Pool Officers

Regina.—A. J. McPhail, president, and L. C. Broutelle, vice-president, of the Saskatchewan Wheat Pool, were re-elected by acclamation at the initial meeting of the newly-elected board of directors in Regina.

The new executive was appointed as follows: Harry Marsh, Hirschbach; Brooks Cattan, Hanley; and A. F. Spruille, La Fleche. Mr. Cattan and Mr. Spruille are new members on the executive.

## Lloyd George Is Now Anxious For Complete Unity Of Liberal Party

## Mosul Dispute Causes Anxiety

Question Will Be Considered Before Council At Geneva

London.—Timors of the possibility of war between Great Britain and Turkey over the Mosul boundary failed to cast a shadow on the general rejoicing over the signing of the Locarno Treaty, but the ugly problem was not forgotten and was discussed informally in the lobbies of parliament and elsewhere.

Nothing developed, however, to give more solid form to the rumor. The delegates of the nations have gone to Geneva where the Mosul dispute will be one of the main topics before the council of the League of Nations.

Hope is expressed here that the difficulty will be straightened out to Geneva.

Conciliatory.—Foreign Minister Torkil Borchgrevink, accompanied by a delegation of Turks, left for Geneva to attend the meeting of the council of the League of Nations at which among other things the report on the Mosul question will be considered.

## Hardened Criminals Need Lash

Toronto.—Brig-General W. St. Pierre Hughes, superintendent of penitentiaries, in an address here, stated that while dungeons, dark cells and begging in penitentiaries were things of the past, he feared the difficult use of the lash for hardened criminals.

Most of them, he said, would rather face a five-year term than one application of the lash.

## NEW RULES MADE FOR RELIEF OF WAR PENSIONERS

Ottawa.—A modification of the regulations governing relief for war pensioners in distressed circumstances has been announced by the department of pensions and rehabilitation.

Relief will only be given now if "twenty per cent pensioners," or men receiving more than twenty per cent who are in extreme need.

That is, then who are receiving twenty per cent, or more of the full disability pension which is \$40 per month.

Prior to this announcement, any pensioner in straitened circumstances might receive allowances of fuel or money to provide shelter. It has always been the practice of the department to make these special relief grants for fuel, food or rent, but never as an actual outright money grant. The new regulation is now in force and applies to all parts of Canada.

## Yegmen Easily Scared

New York.—The spooks of a dying rat, which presumably had its life ground out beneath the heel of a yegman, are thought to have scared away blowers who abandoned \$30,000 worth of diamonds after they had opened a safe in a jewelry store.

## United Livestock Growers To Co-Operate With Alberta Livestock Pool

Alberta Co-operative Livestock Producers Name Three Directors to Board of U.L.G.—Advance in Co-operative Shipping

During the past week a change in the organization of United Livestock Growers, Ltd., has been completed under which this company and the Alberta Co-operative Livestock Producers, Ltd., commonly known as the Alberta Livestock Pool, are coordinated.

This arrangement received the unanimous approval of the shareholders' delegates at the annual meeting of United Grain Growers Ltd. and has been brought into effect as a result. Up until now, United Livestock Growers has been conducted by United Grain Growers, although for 18 months it has been carried on as a separate organization, the profits of which have been distributed on a co-operative basis to the growers.

Under the new plan the Alberta organization takes up a number of shares of stock in United Livestock Growers, Ltd., and is entitled to a representation of three on the Board of Directors, while the three remaining directors are nominated by United Grain Growers, Ltd.

The plan of organization adopted looks to the organization in each western province of a federation of livestock shipping associations which will take stock in and elect a proportion of the directors of United Livestock Growers Ltd. Until the shipping associations are ready to assume that responsibility, United Grain Growers will continue its financial assistance to the livestock organization.

The U.G.G. directors on the new board are: C. Rice-Jones of Winnipeg, E. J. Collier of Calgary, Sask., and John B. H. of Regina, Sask. The representatives of the Alberta Co-operative Livestock Producers Limited, are: H. H. Stearns of Inglewood, Alta., A. McMillan of Tees, and A. B. Chapwood of Swift Current, Sask. The new organization does not necessarily mean any change in the methods under which United Livestock Growers conducts their livestock business, nor in the handling of the cattle pool. It is expected to mean a considerable advance in co-operative shipping of livestock in Alberta, and an increased stimulus for the formation of co-operative shipping associations.

During the past year United Livestock Growers handled a total of 7,641 cars of livestock on the yards at Wynne, Moose Jaw, Calgary and Edmonton, and a co-operative patronage dividend of \$2,000 was distributed among shippers to the cattle pool.

Winners of the W. O. McDonald trophy for livestock judging at the Royal Winter Fair, Toronto, at the Manitoba Agricultural College team which won the trophy this year by a margin of eleven points over a team from the University of Alberta. Seated left to right: R. M. Scott, Prof. H. B. Sommerfeld (coach), Jas. W. Walter. Standing left to right: M. J. McNeill, W. J. McNeill, Roy West.

## Local and General

Dr. J. Olivier was a business visitor to Calgary over the week end.

A special anthem will be rendered at the United church on Sunday evening.

Nights are so long now that some men don't have so much trouble to get home before daylight.

Election of officers will take place at the regular meeting of Livingstone Lodge, Knights of Pythias, tomorrow night.

The Coleman Senior Hockey Club will hold their annual dance in the opera house at Coleman on the night of Thursday, December the 24th (Christmas Eve).

Coleman has a junior hockey team that will advance to senior ranks by the approaching season. On the junior team is found some of the best home-brew stuff ever produced in Alberta.

Hon. W. G. Egbert, newly-appointed lieutenant-governor of the province, has taken up residence at government house, Edmonton, coming from Calgary, where he was a resident for many years. He has appointed Major A. C. Gillespie, of Edmonton, as his secretary.

The annual meeting of the Rocky Mountain Branch of the Canadian Institute of Mining and Metallurgy will be held tomorrow night at 8 o'clock at the Greenhill hotel, Blainmore. The election of officers for the ensuing year and the question of nominating a candidate for the presidency of the Institute will be taken up, also general business.

The wife of Baise Eddy, well known rancher of the Foothills, died in a Lethbridge hospital, following an operation. Mrs. Eddy was in Blainmore but a few days previous and had planned on returning here to complete her Christmas shopping. Mrs. Eddy was forty-three years of age. The remains were laid to rest in the family plot in Cowley cemetery this afternoon.

A successful whist drive was held in the Community Hall at Frank on Friday night last, under the auspices of the newly-formed Community Club. The prize winners were: Ladies' first, Mrs. James Naylor; second, Mrs. Garrison. Gents' first, Mr. King; second, Mr. Bouffard. The club proposes running a whist drive on Friday, the 11th, and one on Friday, the 18th of December, to raise funds for a Christmas treat for the children of the village, and hope to see a bumper crowd at both. The charge at these will be thirty-five cents for each player. Luncheon will be served.

Give the Kiddies a Season Skating Ticket for Christmas.

LADY desires room and board, with Catholic family preferred, where she can have her two sons, aged 7 and 9, with her during Christmas vacation. Address P.O. Box 1997, Blainmore.

**GIFTS FROM OUR JEWELRY STOCK** are always acceptable. We do not remember ever showing you a better assortment of **JEWELRY AND SILVERWARE** and we are sure such quality was never sold so reasonably. Of the many appropriate things our stock suggests are watches, brooches, bracelets, rings, mesh bags, match boxes, clock pins, etc. Of course we have many beautiful pieces of silverware that anyone would be pleased to receive.

SCOTT'S GROCERY

Mr. and Mrs. Richard Harrison are down from Michel today.

There are only two kinds of flappers—the intelligent kind and the majority.

Wampus declares that the only time some men use their heads is when they get their hair cut.

The girls who used to put on makeup as if their fathers were painters, now put it on as if their fathers were plasterers.

Nath. Marshall, provincial boiler inspector, was in town from Lethbridge on Wednesday, supervising an examination of moving picture machine operators.

The declaration of independence says all men are created free and equal. The military law says a soldier can not talk about his superior. Now, where do they get that "superior" stuff?

A little Blainmore school boy was asked to write a sentence containing eleven words that would be interesting to the whole class. This is what he wrote: "There's many a red nose under a coat of white enamel."

Two local firms, the F. M. Thompson Company and the Blainmore Trading Company are this week offering special sale prices to the buying public through the medium of attractive full-sheet posters, turned out in our office.

Wootton, says that a laugh is a peculiar conformation of the human countenance, voluntary or involuntary, super-induced by a coagulation of external circumstances, seen or heard, of a ridiculous, ludicrous, jocose, mirthful, funny, facetious or facetious nature and accompanied by a cackle, chuckle, chortle, cackination, giggle, gurgie, guffaw or roar.

Give the Kiddies a Season Skating Ticket for Christmas.

It's the gas from the gas tank that drives the car—not the gas from the back seat.

Clarence Reddick, who recently returned to Calgary from Duluth, is spending a few days in Blainmore.

Many bouquets are being handed Tiny Thompson for his splendid exhibitions of goal tending with Minneapolis.

J. W. MacDonald, K.C., has been prevailed upon to contest the Maledon provincial riding in the Liberal interests at the next provincial election.

The members of Coleman Rebekeah Lodge will hold their annual sale of work in the Oddfellows' hall on Saturday, commencing at 2:30 p.m. A dance, commencing at 10:30, will follow.

An exchange remarks: "There does not seem to be much use of trying to extend the market for Alberta coal, as long as a strike may cut off the supply on twenty-four hours' notice regardless of contracts."

The Alberta government has declared an open season for beaver, extending from December 1st, 1925, until the 30th day of April, 1926, effective in that part of the province of Alberta lying to the north of township 69.

A man walked into Trono's jewelry store the other day and handed out the pendulum of a clock, which he wished to leave for repairs. Trono asked him why he didn't bring the whole clock. "The clock is alright," was the reply. "It is the pendulum that won't go. As soon as I pulled that out, the rest went like the very dickens."

Bellevue Bakery patrons had better start saving bread wrappers.

If you can't afford a new winter hat, just wrinkle up the old one and paint it powder blue.

George C. Cope, Lethbridge manager for Plunkett & Savage, Limited, was in Blainmore on Wednesday.

Did you ever hear of the Scotchman who, after twenty years as a golf enthusiast, gave up the game because he lost his ball?

The Enterprise has a splendid lot of Greeting cards in stock. These can be printed with your name and address, etc., and delivered within twenty-four hours.

Mrs. Wheatley returned last week end from Edmonton, where she had been called owing to the accident to Mr. Wheatley. Mr. Wheatley will remain in the capital for a few weeks yet.

What would make a nice Gift this Christmas than a nice Plant? We can supply you with anything in this line. Cut Flowers for all occasions. We represent three leading Alberta florists—F. M. Thompson Co.

Greeting spaces in The Enterprise special Christmas Number are being grabbed up quickly by the business people of The Pass. Order your space early to ensure proper display. The Christmas Number will appear on Monday, December 21st.

Governor "Ma" Ferguson, of Texas, has offered a reward of \$500 for the arrest and conviction of any person worth over \$5000 for violation of the prohibition laws. She declares that the rich are violating prohibition laws daily and boasting about it, while the penitentiary is being filled with poor devils who carried a mere pint on their hip.

Local and General

Meet "Charley's Aunt" at the opera house on Thursday night next.

A successful whist drive was held by the Rebekeahs in the Lodge Hall last night.

Alex. Webster, father of Athabert Webster, of Pincher Creek, died at Wallaceburg, Ontario, recently.

Mr. and Mrs. Harvey Carmichael have returned from their honeymoon trip and have taken up residence in West Blainmore.

The Coleman Crystal Rink executive have set aside a certain time on Saturdays throughout the season for the Tuxis and Trail Ranger hockey games.

Tom Madison says: Judging from recent news impressions, a church moderator bears about the same relation to moderation that two tomatoes on a backyard fence at midnight bear to each other.

Sales of over one hundred patent medicines have been placed under ban in Ontario by the provincial board of license commissioners in conjunction with the federal authorities. The medicines affected are those containing a high percentage of alcohol and not sufficiently medicated.

The publisher of the Edmonton Bulletin has issued a suit for \$110,000 against the Canadian Associated Press; J. H. Woods, of the Calgary Herald, president of the Canadian Press Association; and John M. Inrie, of the Edmonton Journal, asking damages for the alleged withholding of the morning press franchise and the exercise of an illegal restraint of trade in the interest of the former newspaper monopoly in Edmonton.

Local merchants should think twice before spending fifty or a hundred dollars in calendars and other trashy forms of advertising novelties. The large retail and mail order houses in the cities never spend a cent on these questionable methods. It is a safe plan to follow the lead give in this matter as they spend hundreds of thousands of dollars annually to secure business and it is all spent for newspaper space and direct to customer advertising. Besides, the calendar houses refuse to allow even a commission to a local retailer and pay no license to the town for the privilege of making the biggest profit we know of on a small-outlay.

Bellevue Bakery patrons had better start saving bread wrappers.

PIANO STORAGE—If wishing Piano Storage for the winter, apply to Mrs. E. M. Mack-Slooy, Alberta Hotel. [D10-17]

YOUNG WOMAN, with two boys, aged seven and nine, wants position as housekeeper. No objection to farm. Address P.O. Box 1997, Blainmore.

BREAD!

Give it a more important place on your table

See that your children eat more bread at meals and between meals.

Watch them grow rosier and sturdier.

Teach them the value of the world's greatest food.

Bread is your Best Food—Eat more of it.
